FEAR *A message after the meeting*

FEAR, the menacing wrench that tightens its grip around every action in my life, has clung to me for as long as I can remember. From childhood to adulthood fear would manifest itself and adapt to any new conditions or situations that would arise over the years and stymie any actions or potential development toward personal or professional growth.

Early in life I discovered that

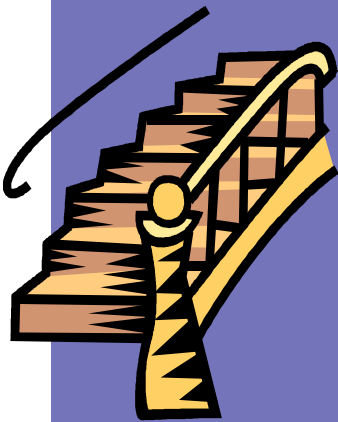

alcohol would instantly loosen the grip of fear and anything seemed possible. This discovery allowed alcohol into my life and "to do for me what I could not do for myself." The morning after side effects seemed a small price to pay for the freedom it brought. Over many years every attempt was made to harness alcohol to meet my needs and desires. Every failed attempt fortified its evil. Only now do

FEAR (CON'T. From pg. 1)

I acknowledge that for every action there is an equal and opposite reaction but with alcohol the opposite reaction is 10 fold. The fears multiply. Alcohol gives very little in the short run, yet takes abundantly in the long run.

My religious teachings were minimal; Sunday school as a child and church once or twice a year early on. The 23rd Psalms is my most memorable reading; The Lord is my shepherd....Yea, though I walk through the valley of the shadow of death I will fear no evil: for thou art with me. I perceived the whole world and all of its people as one big

Valley of The Shadow of Death and I used the instant effects of alcohol, not thy rod and thy staff to comfort me. The Devils recruit exhibited allegiance. Now as I work the spiritual aspect of the AA program I find a new higher power has commenced to remove my fears. Not as instant or profound as a drink of alcohol would but steady and noticeable as time passes and the side effects are clear enlightenment. My higher power is beginning "to do for me what I cannot do for myself." The Devils recruit has repented.

Additional Reading

Big Book, pg.67

"This short word touches about every aspect of our lives. It was an evil and corroding thread; the fabric of our existence was shot through with it. It set in motion trains of circumstances which brought us misfortune we felt we didn't deserve. But did not we, ourselves, set the ball rolling?"

Big Book, Story on pg. 246

"The Man Who Mastered Fear"

He spent eighteen years running away, and then found he didn't have to run. So he started AA in Detroit.

2011 Budget and Finance Mid-Year Summary

INCOME	2008	2009	2010	projected	2011	2011	2011 deficit:
				2011	Jan - June	July - Dec	
Group Donations	23,664	24,251	25,773	22,500	7,274	15,226	
Total Income	39,395	28,224	35,087	31,075			
OPERATING EXP	19,493	20,947	19,946	21,935			
COMMITTEE EXP	8,500	10,007	11,510	9,140			
Total Exp	27,993	30,954	31,455	31,075			

We proposed a conservative Budget of \$31,075 - slightly less than last year's budget. However, as of July 1, we have only received \$7,274 in Group Donations. We hope to receive \$15,226 in the final 6 months of 2011 to make our budget & fund our Committees.

If support for CAIG does not improve, our Cash Assets could drop \$8,600 this year & could continue dropping about \$10,000 every year.
